\*New Program\* No Outcomes Found

### PRIMARY EDUCATION

Certificate of Achievement

\*New Program\* Outcome: Apply techniques for setting and maintaining developmentally appropriate culturally sensitive limits, supporting children's intellectual curiosity, creativity, problem solving abilities, and acceptance of self and others.

Assessment: Examinations, written assignments, work experience, and/or projects.

Outcome: Apply child development theory to Early Care and Education by identifying key developmental theorists and recognizing children's developmental stages.

Assessment: Examinations, written assignments, work experience, and/or projects.

Outcome: Facilitate the development of each young child, including children with special needs, as a unique individual through the planning and implementation of developmentally appropriate and

Assessment: Examinations, written assignments, work experience, and/or projects.

Outcome: Demonstrate skills in establishing and maintaining respectful and supportive relationships with children, families, and staff from diverse cultural backgrounds, integrating support services in the community.

Assessment: Examinations, written assignments, work experience, and/or projects

Outcome: Utilize assessment strategies and observation techniques to objectively evaluate children's behavior, interests, and their special needs and levels of skill development.

Assessment: Examinations, written assignments, work experience, and/or projects.

Outcome: Demonstrate practices in maintaining health, safety, and nutrition standards and preventing infectious disease in group-care settings.

Assessment: Examinations, written assignments, work experience, and/or projects

Outcome: Design, arrange, and adapt the inclusive classroom environment to meet the needs of all typically and atypically developing children, families, and staff.

Assessment: Examinations, written assignments, work experience, and/or projects.

Outcome: Demonstrate an understanding of ethical and professional standards through collaboration, critical thinking, and reflection within the field of early childhood education.

Assessment: Examinations, written assignments, work experience, and/or projects.

## WV Communication Studies

### COMMUNICATION STUDIES

#### Certificate of Achievement

\*New Program\* No Outcomes Found

### COMMUNICATION STUDIES

#### Associate of Arts

\*New Program\* Outcome: Demonstrate effective communication skills in a variety of settings;

- Report increased confidence in communication interactions.

Assessment: Oral presentations/demonstrations.

Outcome: Report increased confidence in communication interactions.

Assessment: Self-appraisal.

Outcome: Identify and explain concepts/theories of communication.

Assessment: Examinations.

## WV Community Education Office

## WV Computer Applications

### COMPUTER AIDED DRAFTING AND DESIGN

#### Certificate of Achievement

\*New Program\* Outcome: Create, manipulate, and organize CAD drawings using AEC industry standards.

Assessment: Drawing assignments.

Outcome: Plan and generate CAD drawing files using common and advanced CAD tools.

Assessment: CAD file assignments.

Outcome: Produce a CAD drawing to represent existing field conditions using the principles of inventory and measurement techniques.

Assessment: Final CAD drawing.

## COMPUTER APPLICATIONS

Associate of Science

\*New Program\* Outcome: Develop and prepare documents, projects, presentations, and web design.

Assessment: Final projects.

Outcome: Demonstrate skills in current software programs.

Assessment: Assignments.

Outcome: Implement tasks appropriate for a variety of informal and formal work environments.

Assessment: Assignments.

Outcome: Create and design basic publications, illustrations, and digital imagery.

Assessment: Final projects.
